

Fire Extinguishers

Here's item 13.3 on p289 of the current ACU Handbook:

13.3 FIRE EXTINGUISHERS

Each working vehicle in the Paddock must have a 2kg (minimum) dry powder fire extinguisher available for immediate use. This extinguisher must show the date of the last annual inspection. Noncompliance with this regulation will incur a penalty imposed by the Clerk of the Course.

We had an incident in the paddock at Cadwell that serves to illustrate why it's important for riders to keep a 2kg Dry Powder extinguisher handy.

Please check you do have this as part of your kit at the circuit.

Our President, Ted McDonald will be around the paddock at Snetterton doing spot-checks!
