

PADDOCK PLAN

SIDECARS TO PADDOCK 2

ALL SOLOS TO PADDOCK 1

Pembrey Circuit Map

Note to Sidecars in Paddock 2

Please note that the area on the other side of the paddock fence from you is a Public Area.

If you need to take your bike to Paddock 1 or to the Technical Bay you must push it over the crossing and back. The Club will be sending Technical Officials over to run Technical Inspection in Paddock 2 for Sidecars on Friday pm & Saturday morning

Please also resist the temptation to test bikes by driving up and down in the Paddock 2 area.

Bikes may of course be started and moved under power when it's time for you to access the circuit through the paddock 2 gate on the inside of Diben Bend.
