

# Prohibited Helmet Cameras at Bemsee

**In the opinion of our CMO – the only thing that should be inside your helmet is your head.**

**Wearing something like this is prohibited -in order to prevent the risk of more serious head injury in the event of a big bang on the head whilst racing.**

**If you want to spend the money....these are safe and acceptable**

**OR FIT A CAMERA TO YOUR BIKE IF YOU WANT FOOTAGE OF YOUR TIME ON-TRACK**
