

BMCRC-MRO 2021 CHAMPIONSHIPS Supplementary Regulations

NOTES FOR COMPETITOR ELIGIBILITY TO 2021 CHAMPIONSHIPS

Whilst most of our championships have few or no restrictions (the MRO classes), there are a few limitations on our true "Club" championships. These are aimed at Newcomers and Clubmen Licence holders and at preventing British Championship contenders from distorting "Club Championship" results. This is done in the interests of maintaining a fair and equitable level of competition across the board. On occasion British & National Championship riders and those with National or International level licences are welcomed to our Classes to assist them in preparation for other events. Regular Club competitors are always given priority over grid slots if their entries are received in good time. These higher level, occasional riders are excluded from taking points, trophies or sponsor prizes in these circumstances, this includes BSB riders whose details are published on the BSB website through their registration with a BSB Series at the start of the season.

Many ex and current BMCRC riders are now trying their hand at BSB level competition. The spirit of these rules will still be maintained for riders who are well established at BSB, they will not be permitted to take points or other prizes.

However, riders who are testing themselves in their **first year of competition at BSB and similar competitions** and those who may only do selected rounds there, are welcome to still compete in full at BMCRC Championships and may take points & prizes.

The eligibility of any rider competing at BSB or similar level to take points & prizes at BMCRC will be assessed on a case by case basis where needed, riders are welcome to enquire in advance to clarify their status.

MRO CLASSES WITH NO RIDER ELIGIBILITY RESTRICTIONS ARE:

MRO POWERBIKES (main championship) & **MRO 600** (main championship) & **MRO MINITWINS** (main championship)

MRO POWERBIKE AND MRO 600 both feature a Clubman Cup competition open to Clubman licence holders only.

Riders coming from National Series (registered at BSB) must enter the MRO Powerbikes/MRO 600 series, irrespective of licence grade.

MRO CLUBMAN 1000 & CLUBMAN 600:

Clubman 1000 & 600 riders will not be eligible to score points in the main MRO Championships. They will compete for just the Clubman 1000 or 600 Championship.

The top 3 from the previous year's Clubman Series must move onto MRO main class for subsequent seasons if they wish to remain in the class. ***This will not now be a requirement for the 2020 winners moving to the 2021 Season.***

TEAM GREEN JUNIOR CUP

Riders must be aged between 13 years and 18 years on 1st January 2021 and can be any licence grade. Dispensation may be sought for younger riders on a case by case basis.

SENIOR 300 SERIES

Riders must be aged over 19 years on 1st January 2021 and can be any licence grade.

ROOKIE Open (600's & 1000's) & Rookies in other classes:

These championships are primarily for newcomers to Road Racing in their first season of competition. Space permitting, riders who have had difficulties in their first season, may be permitted to compete until such time that they have adequate competence to compete in the main championships.

With the 2020 season shortened, we will allow Rookies from the 2020 Series to remain in that class for the 2021 Series. There is nothing to stop a Rookie from 2020 preferring to move up to the MRO Clubman class (irrespective of Licence grade) – please advise Race Office in advance of the start of the season if this is your intention. Once you move up, you don't go back.

The Club reserves the right to allow riders who have competed at a number of events in the previous season or in a different class to enter the Rookie Open races on a case by case basis.

ALL OTHER BMCRC CHAMPIONSHIPS:

Are open to riders not competing at any level of competition above National Restricted status. (This rule does not apply to Scottish riders contesting the SACU championship). Rookie Championships in BMCRC Minitwins and F400's are restricted to first year riders only with the same flexibility outlined above. BMCRC Minitwin Juniors must be 15yrs old (14 on a National Licence) to 20 yrs old on 1st January 2021 (this sub-Championship will run if there are 6 or more riders in this age category)

THE BMCRC F1 & F2 SIDECAR CHAMPIONSHIPS: These are run within the same races. The Series are open to entrants of all licence grades. Riders who are listed as competing in the British Championship or British F2 Series are excluded from the BMCRC Championships, although are welcome to compete on the basis covered in the opening paragraphs above, where grid space allows. Those in their first year of British competition are still eligible to score points & prizes at BMCRC events.

All technical regulations by Class are published and updated on the official website www.bemsee.net (Info Centre > Downloads > 2021 Class Regulations)

For general eligibility by bike type & capacity vs. age see the 2021 ACU Handbook or the Licence information at www.acu.org.uk

BMCRC-MRO 2021 CHAMPIONSHIPS

Supplementary Regulations

1. TITLE & JURISDICTION.

The BMCRC-MRO 2021 Championships are promoted and administered by the BMCRC in accordance with the National Sporting Code and Standing Regulations of the Auto Cycle Union and these Supplementary Regulations, together with any Final Instructions subsequently issued or Official Announcements made. The Championship status is European Open.

2. CHAMPIONSHIP OFFICIALS.

| | |
|--------------------------------------|--|
| Clerks of the Course | Tony MacBride/Andy Brown/Fraser Greenroyd/Giles Olley |
| Chief Marshal | Karen Higgins |
| Chief Technical Official | Mark Dent |
| Secretary of the Meeting | Tracey Ringrow/Mike Dommett |
| Timekeepers | TSL Timing |
| Incident Officers and/or Stewards | Tony MacBride/Andy Brown/Fraser Greenroyd/ Giles Olley/Ted McDonald |
| Safeguarding Officers | Tracey Ringrow/Mike Dommett/Peter Bartlett |

3. CLASSES.

For all class rules & regulations see www.bemsee.net

| | |
|--|--|
| Team Green Junior Cup | The 2021 Junior Cup Rules will apply as above |
| Senior 300 Series | as above |
| MRO Powerbike* | Open rules will apply. |
| MRO Clubman 1000* | Open rules will apply. |
| MRO 600 | The 2021 MRO Supersport rules will apply* |
| MRO Clubman 600 | The 2021 MRO Supersport rules will apply* |
| BMCRC Rookie Open (600 & 1000) | Open 1000 rules/600 Supersport rules will apply* *Slick tyres are permitted in this class. |
| MRO Minitwins (inc Rookies & Juniors) | Minitwin standard class regulations will apply. |
| BMCRC Thunderbike Sport, Extreme & Ultra | BMCRC 2021 Thunderbike specifications will apply. |
| Yamaha Past Masters | 250 LC, 250 TZR or 350 LC/YPVS Yamaha machines. 2021 YPM rules will apply. |
| Blue Haze GP, Two-Strokes 250 MZ* | The 2021 "Bemsee Blue Haze" GP rules will apply. BMZRC rules apply. |
| BMCRC Formula 400 | The 2021 BMCRC Formula 400 rules will apply. |
| BMCRC Sub-64 400's | as above |
| BMCRC F1 Sidecars* | Open sidecar rules apply as ACU 2021 Handbook Modern engines with fuel injection max 1000cc Pre-Injection engines max 1300cc |
| BMCRC F2 Sidecars* | As British Championship rules for short chassis 600cc machines |

* Slick tyres are allowed on all 'open' class machines.

4. COMPETITORS ELIGIBILITY.

Riders & Passengers: - Open to Riders and Passengers who hold a current ACU, SACU or FIM Europe Federation Competition Licence (any competitor who for what ever reason, fails to produce a current competition licence, will only be allowed to take part in the competition at the discretion of the Stewards of the meeting).

Riders are responsible for declaring their eligibility to ride a specific type and size of machine at a given age on each event entry form as being in compliance with current ACU Licence Grade & age regulations in force at the time of each event.

For detailed eligibility by class please see the section "Notes for Competitor Eligibility to 2021 Championships". For general eligibility by bike type & capacity vs age see the 2021 ACU Handbook or the Licence information at www.acu.org.uk

NOTE: Parents of all junior riders still in full time education and wishing to take part in Test Days taking place on a school day must obtain and produce a Temporary Discharge Form from their school before being eligible to take part. We recommend a copy of the Discharge Form is sent to the BMCRC office in advance of the event. A parent must accompany the rider for the whole duration of the event.

The organisers undertake to insure each rider and passenger, indemnifying him/her against any third party claim, arising out of the races or official practice excluding claims by other riders, entrants, sponsors or mechanics. Competitors with licences issued by an FMN other than ACU / SACU, must produce 'start permission' and proof of insurance from their own FMN (this includes MCUI licence holders).

5. ENTRIES.

The official entry form must be fully completed online only (paper entries are not now accepted) and submitted to the Secretary of the Meeting via the Entry Portal at www.bemsee.net

Secretary of the Meeting: Tracey Ringrow, BMCRC Race Secretary

Email: bemseeoffice@gmail.com

Tel: 07931 778192 and 01708 720305

The entry fee for each round shall be as detailed on the individual online entry forms.

In the event of a competitor wishing to cancel an entry no charges will be taken if the request is received by email to bemseeoffice@gmail.com or by phone prior to payments being taken for that meeting (see dates below). After this time and up to 7 days prior to the start of the event, a refund, less admin charges (min £25) will be given.

6. CHAMPIONSHIP ROUNDS.

| Meeting Date | Circuit | Open Date* | Close Date** | Permit No. | PCL. | EMN No. |
|---------------|--------------------------|-------------|--------------|------------|------|-----------|
| 13-14 March | Brands Indy | 09 February | 05 March | ACU 60078 | 006 | EMN10/886 |
| 9-11 April | Silverstone Int'l | 17 March | 02 April | ACU 60080 | 10A | EMN10/887 |
| 7-8 May | Oulton Park | 13 April | 30 April | ACU 60081 | 004 | EMN10/888 |
| 29-30 May | Snetterton 300 | 11 May | 21 May | ACU 60083 | 011A | EMN10/889 |
| 26-27 June | Cadwell Park | 02 June | 18 June | ACU 60085 | 012 | EMN10/890 |
| 18-19 July | Brands Hatch GP | 30 June | 09 July | ACU 60087 | 005 | EMN10/891 |
| 6-8 August | SC Revival -Cadwell Park | 09 February | 30 July | ACU 60089 | 012 | EMN10/892 |
| 3-5 September | Donington Park | 11 August | 27 August | ACU 60091 | 009 | EMN10/895 |
| 1-3 October | Brands Indy | 08 Sept | 24 Sept | ACU 60093 | 006 | EMN10/896 |

* Open Date for riders who have competed at earlier meetings – all other riders will have an open date 2 days later than this for online entries.

** Closing date – the date on which meeting payments are taken, cancellations after this date will incur a £25 admin charge. Late entries are still possible after this date.

7. PROGRAMME.

All races will be run over a minimum of 5 laps, lengths will vary by circuit. Full details for each meeting will be published in Final Instructions issued by post and published on bemsee.net prior to the meeting date.

8. POINTS SCORING.

Points will be awarded for each race on the following scale:

1st- 25, 2nd- 20, 3rd- 16, 4th- 13, 5th- 11, 6th- 10, 7th- 9, 8th- 8, 9th- 7, 10th- 6, 11th-5, 12th-4, 13th-3, 14th-2, 15th-1.

If at the end of the season there is a tie on points, the winner will be decided by the greater number of wins, if still unresolved 2nds, 3rds and so on will be taken into account.

If the situation is still unresolved, the earliest win of the season in that championship will be the deciding factor. If during the season any class becomes un-competitive through lack of entries, the organisers reserve the right to remove that class from future meetings and the championship. In the event of a round being cancelled for whatever reason, the organisers reserve the right to amend any prize funds accordingly.

The interpretation of the rules for this Championship rest on the decision of the Board of Directors of BMCRC Ltd.

9. AWARDS.

Trophies will be awarded to the first three finishers in each race. Classes or sub-classes of 6 riders or less will receive a first place award only.

Prize money is not included in any championship, the organisers reserve the right to add prize money to any meeting/championship if a sponsor chooses to incorporate such within any sponsorship.

10. TECHNICAL INSPECTION.

Unless otherwise stated, inspections will take place from 07.30 on the morning of the event and from 3.30pm on preceding Friday testdays. Machines will be checked for eligibility and the competitors clothing and helmets will be examined, competitors must be present. In the case of competitors aged under 18 their parent or guardian must be present throughout the technical inspection process. It is the competitors' responsibility to ensure his/her machine complies with the regulations and is safe for competition. However, a Technical Official may refuse to verify a machine on grounds of eligibility, lack of cleanliness or safety.

10A INSPECTION & SIGN-ON PROCESS UNDER COVID19 RESTRICTIONS

The following processes will be in operation until further notice, check the Final Instructions for the event for updates:

Inspection: We would ask that riders disinfect the handlebar grips with wipes or spray immediately prior to attending inspection. Please ensure you bring a paddock stand with you to the Bay. Riders with solo machines should observe social distancing when queuing for inspection. When directed by the Technical Official, place your bike on its stand and retire away from the machine for inspection of the machine to take place. During this time, we suggest you attend one of the Clothing Inspectors for your kit to be checked. Present with all kit on, including helmet. Clothing Inspectors will conduct a visual check of your kit. On completion of inspections you will be handed a Technical Inspection Card signed by the Inspectors and stickers for your helmet and bike – these you should apply yourself. You will also need to sign the reverse of the card, before bringing that to Race Office for sign-on. You should use your own pen for this purpose.

Sign-On: The Race Office will be open will be open for rider sign-on as usual – you should attend with your completed Technical Card and your Licence. You must observe social distancing rules and there will be a queuing system in place at each venue to support this. The Bemsee Race Office team will be present, behind Perspex safety screens, to visually check licences and deal with any

issues and queries. Hand sanitiser will be widely available. You will show the front & back of your Technical Card and then place it in a box in the Race Office as directed. The Race Office Team will note your attendance and mark you off on our sheets – there is no longer a requirement for you to physically sign-on. You will be handed a Practice Permit, take this with you on your first session – it confirms to the Collecting Area staff that you have completed the sign-on process.

You will have accepted the ACU revised declaration regarding the Risks of Motorsport both online when you confirmed your booking and by signing the same declaration that is on the reverse of your Technical Inspection Card.

If the Race Office is closed - Assistance if required is available via the Club's main number 01708 720305 which will be answered live at the circuit. If unavailable, voice messages can be left and these are received by email by our staff and we will call back as soon as possible.

Access to Race Control in the centre of the circuit will be restricted to essential staff only.

Transponders. An AMB TranX260 or X2 rechargeable or direct wired transponder is required to be fitted to the machine in charged and operating condition at the technical inspection. These are also available for hire from the Race Office prior to technical inspection.

Rain Light. All motorcycles must have a functioning red light mounted at the rear of the machine to be used in rain or low visibility conditions as instructed by Race Control. The team must ensure that the light is switched on whenever a rain tyre is fitted on the motorcycle and/or when any practice or race is declared "wet" by Race Control.

Lights must comply with the following:

- a) Lighting direction must be parallel to the machine centre line (motorcycle running direction), and clearly visible from the rear at least 15 degrees to both left and right sides of the machine centre line.
- b) Mounted on the seat/rear bodywork approximately on the machine centre line, in a position approved by the Chief Technical Officer. In case of dispute over the mounting position or visibility, the decision of the Chief Technical Officer will be final.
- c) Power output/luminosity equivalent to approximately: 10 – 15W (incandescent) 0.6 – 1.8 W (LED).
- d) The switch must be accessible.
- e) Rain light power supply may be separated from the motorcycle main wiring and battery.

Any machine involved in an accident must be re-inspected before resuming racing.

No rider will be deemed to have finished a race until the machine has been submitted and passes the final examination at parc ferme, if so required as detailed on the meeting timetable or at random class compliance inspections.

In signing the entry form, competitors are deemed to declare and confirm that all customs and excise duties have been paid on the fuel being used.

Oil Containment. As described above, all riders have a responsibility to ensure their machines are fit for purpose. This extends to consideration towards the other Members of the Club to ensure the oil containment measures on machines are checked and maintained. Items such as: sump plugs, oil top-up points and oil filters should be checked, tightened and lockwired. Oil coolers checked for leakage and external pressurised oil lines protected with braided steel outers with permanent end fittings installed by a reputable supplier, e.g. swaged couplings fitted by Pirtek or Goodridge. Documentation certifying the construction of these lines should be retained.

Secondary Engine Covers

If your bike has secondary covers available to it on the market – **you need to fit them**, this is a mandatory requirement to pass technical inspection.

We accept there are some bikes and models for which they are not available.

Substantial tracktime can be lost to oil spillages, often traced to poor maintenance. Riders causing such delays if found to be caused by poor maintenance risk suspension from the meeting and/or a significant fine to be determined by the Clerks of the Course.

Back Protectors

As part of your clothing inspection you are now required to be wearing a back protector, checks will be made in the Collecting Area that these are in place prior to you accessing the track.

There is no stipulation on material or size or length. The Protector doesn't have to have a CE mark on it. If you buy a product sold as a back protector that will be acceptable.

Those of you who have invested in air suits, we are delighted that you take your safety so seriously and those riders will be exempt from the back protector requirement. There's nothing to stop you wearing one in addition and we would encourage you to do so.

Leathers that come with heavy foam or plastic inserts for the lower back – these do not provide sufficient protection and are therefore not exempt.

Front Brake Guards

It is now a requirement in the ACU Handbook for solo machines (classic classes are exempt) to fit a lever guard to protect the front brake lever from being unintentionally activated through contact with another bike. The secure fitting of this item will form part of the bikes' Technical Inspection.

11. REPLACEMENT MACHINES.

Riders may change machines during an event as long as the machine is of the same type and has complied with #10. A change of make and type of machine is only permissible if the rider has qualified on that machine at that meeting or receives written dispensation from the Clerk of the Course, such dispensation will only be given with reasonable cause and where no advantage is sought.

12. CIRCUIT ENTRY.

To enter any circuit all personnel will need a circuit admission pass issued by the organisers – these will be in the form of an eTicket, unless advised in Final Instructions. This may be printed out at home or presented to Circuit Gate Staff on mobile devices.

Allocation:

Solos: 3 passes per competitor.

Sidecars: 6 passes per team.

When available, pit lane garages will be allocated by the BMCRC. Booking arrangements are published on bemsee.net and in meeting Final Instructions.

13. MEDICAL.

The Organisers reserve the right for the Chief Medical Officer to carry out a medical examination on any competitor in order to ascertain his/her fitness to compete. The Chief Medical Officer's decision is final.

14. BRIEFINGS.

Riders may be required to attend verbal briefings as notified in the Final Instructions. Failure to attend may result in disqualification.

15. PRACTICE / QUALIFYING. (All Classes)

Each rider must complete the practice/qualifying session for their Class.

The practice / qualifying schedule will be printed in the final instructions.

Grid Positions will be allocated by the organisers for the first (usually Saturday) race for each class based on the best time achieved in the class's qualifying session.

Subsequent races will grid according to the fastest lap achieved by each rider in the previous race, even if the rider falls or suffers a mechanical failure that causes a dnf, the best laptime scored will be used. If a rider fails to register a laptime, their grid position for the following race will be at the back of the grid.

NOTE: The first lap is discounted as a time for this purpose as riders are measured from the control line for a full lap – riders grid positions mean that the distance travelled on the first lap will be different for all riders, hence the first lap can't be used. The second lap is the first scoring lap for the purpose of setting the next race grid. If you fall or breakdown during the second lap, no eligible time for setting the next grid will have been set – you will start at the back on the next race.

Riders who are late to the collecting area may have to start from the back of the grid.

16. ROOKIE ORANGE JACKETS.

It is a requirement of the ACU's Standing Regulations that Rookies must wear an Orange Jacket when on-track at all times (inc Testdays). The Club requires that Rookies comply with this throughout the entirety of their Rookie year even if they have gained sufficient signatures to upgrade to Clubman and irrespective of the class they are competing in.

The reasons for this are twofold: Where your Rookie Class runs within the main class grid (e.g. Rookie 400's in with the main 400 grid) the wearing of an Orange Jacket enables the class of each rider to be clear to others during a race and the Jacket provides an indication to more experienced riders that the wearer is a novice or in their first year of racing.

Replacements are available at every meeting in the Race Office. Failure to wear an Orange Jacket as set out above will result in a penalty to be determined by the Clerk of the Course. This could be a time penalty that could affect your race result.

Ninja Pre-Teen U-12

To differentiate these riders on-track, riders will be supplied with an alternative coloured bib at their first meeting.

17. GRID FORMATION.

The grid formation will be 3 - 3 - 3 for all solo classes and as per the ACU course licence for sidecars with each row nine metres apart.

18. STARTS.

The starting grid should be published as soon as possible, but in any event no less than 1 hour before the race start and no more than 30 minutes after the completion of practice.

Starts are made with engines running for all modern machines.

19. START PROCEDURE

- a) When instructed by the pit lane / assembly area marshal, riders must proceed to the grid and take up their official grid position.
- b) There may be display panels at the side of the track indicating rows to assist riders in locating their correct grid position.
- c) No mechanics or tyre warmers are allowed on the grid. Riders who encounter technical problems must go to the pit lane to make repairs/adjustments or retire to a place of safety immediately. There will be the minimum of delay.
- d) The official at the front of the grid will signal all the riders to proceed on a warm up lap(s) (of the circuit being used for the race) by waving a green flag. When the last rider has cleared the pit lane exit, any riders waiting there will be allowed to join the warm up lap(s) under the instruction of the pit lane marshal. Any rider joining the warm up lap from pit lane must start from the rear of the grid.
- e) Ten seconds later the pit lane exit will be closed and any further qualified riders may be allowed to start the race from pit lane under the instructions of the officials.

- f) Any rider considered to be deliberately delaying the completion of the warm up lap(s) will be directed to the rear of the grid.
- g) Any rider who encounters a problem with his machine must either return to the pit lane to make repairs, or retire at a safe location and follow the instructions of the marshals. Such riders may be allowed to start the race from pit lane under the instructions of the officials.
- h) Any rider who stalls his engine on the grid or who has other difficulties must remain on the motorcycle and raise an arm to alert the start line officials. It is not permitted to attempt to delay the start deliberately by any other means.
- i) Completion of the warm up lap(s) is not compulsory. Riders not completing the warm up lap(s) may only be allowed to start from pit lane or the rear of the grid as authorised by the Clerk of the Course.
- j) At the completion of the final warm up lap a red flag will be displayed motionless on the start line in the centre of the track, or in a location noted in the Final Instructions for the event. Riders must approach the grid at a suitably safe speed considering the presence of the start line officials. The starting lights will not be illuminated at this time.
- k) When the grid is assembled correctly an official at the rear of the grid will display a green flag and the official at the front of the grid will raise the red flag. The starter will then instruct the official with the red flag to move to the side of the grid, having indicated to the riders that they are to watch the lights / starters national flag.
- l) The red light(s) will then be illuminated for up to 5 seconds. The red light(s) will then be extinguished simultaneously to start the race.
- m) After the last rider has passed the pit lane exit, the official there may show the green flag/light to start any duly qualified riders still in pit lane.
- n) Should there be a problem on the grid that might prejudice the safety of the start then the official in charge of the start may display a yellow flag or yellow flashing light and the board 'Start Delayed'. When the problem is removed and the circuit is clear, the procedure will recommence with another warm up lap and the race distance will be reduced by one lap.
Any rider deemed responsible for the delay may be directed to the back of the grid or to the pit lane on the instructions of the Clerk of the Course.
- o) If, after the lights are extinguished, a rider stalls his machine then the start line marshals may assist the rider by pushing him along the track to attempt to start the engine. If after a reasonable time (this is dependant upon circuit length) the engine will not start, the rider must assist the marshals in taking the machine to a place of safety. Only if the machine is pushed to pit lane may the mechanics assist the rider in restarting the engine. When the race leader has crossed the finish line at the end of lap two, any such riders will not be permitted to join the race.

20. TYRE WARMERS.

Tyre warmers are not allowed inside the assembly area or on the grid.

21. FINISH OF A RACE.

The chequered flag will be displayed as the winner crosses the finish line and will be kept flying until the last rider finishes that lap. Thereafter riders crossing the finish line must leave the circuit at the point described in the Final Instructions, or as directed by the course marshals. Those riders who complete a similar number of laps having their position determined by the order in which they finished. Only riders crossing the finishing line within the time limit and/or distance laid down in the 2021 ACU Handbook will be declared finishers.

Should the end of the race signal inadvertently or otherwise be displayed before the leading rider completes the scheduled number of laps – or before the scheduled race time has been completed, the race will be deemed to have finished. If the chequered flag is given to the leader then a result will be drawn up accordingly, but if the chequered flag is given to a competitor other than the leader then the result will be taken when the leader last crossed the finish line. Should the end of

the race signal be delayed for any reason, the race will nevertheless be deemed to have finished at the correct moment and competitors classified accordingly.

22. PIT LANE.

Travelling in the reverse direction with the engine running is prohibited.

Pit Lane "Walkabouts" may be organised and a time for these will be issued. Competitors who have garages must present themselves and their machines during this period and the garage doors must be open. The pit lane is to be kept unobstructed at all times. Riders must take all due care.

23. CHAMPIONSHIP STICKERS.

The organisers may wish competitors to carry sponsors decals/logos, if so required this will be mandatory.

24. RESULTS.

All practice timesheets, grids and result sheets are deemed provisional until all machines are released by the Technical Officials after post practice / race controls and / or after completion of any judicial or technical procedures.

25. WET & DRY RACES

All practice sessions and races will be categorised as "DRY" unless a "WET RACE" board is displayed in the collecting area and in pit lane. Under "DRY" conditions the event will be terminated or interrupted by the Clerk of the Course if he considers that climatic conditions affecting the surface of the track makes it likely that riders will wish to change tyres. Under "WET RACE" conditions the event is unlikely to be stopped simply because the climatic conditions change. It is the riders' responsibility to make a selection from the type of tyre available to them under the class regulations and to adjust their riding to accommodate the weather conditions, even if they change. Riders who wish to change tyres must enter the pits to do so. When a wet race has been declared, the rear facing red warning light must be switched on and remain on for the duration of the race.

26. FUEL

Competitors must affirm that all duty on fuel to be used at the events has been paid in accordance with the National Sporting Code.

27. FORCE MAJEURE

Notwithstanding the provisions of the ACU Standing Regulations for Road Racing and the National Sporting Code, in the event that the British Motorcycle Racing Club is unable to complete all or part of a meeting due to reasons of force majeure including, but not limited to, climatic conditions or other loss of circuit safety (e.g. catastrophic oil spillage) or the closure of the circuit by external authorities then racing members agree in principle and accept that the Club may not be able to refund entry fees as a whole or in part, and the Club shall have no obligation or responsibility to make such a refund. The foregoing is appropriate and reasonable to ensure that the Club is not compromised by an untenable financial burden. Nevertheless, the Club will make every effort to include the cancelled events at subsequent meetings during the season.

28. REFUND POLICY

The Club's refund policy if you are unable to continue a meeting.

We will be happy to review refunds in the event you are injured but take the view that if you can't continue due to mechanical failure or you can't fix the machine after an incident then refunds will not be offered.

29. GENERAL CONDUCT

Riders are reminded that they are responsible for their own conduct and that of their friends, family & supporters. In the same way that you would observe instructions & requests from Marshals & Officials, we expect the same of your entourage. Examples of abuse have occurred where Officials

have requested people to move from restricted areas. A reminder then that abusive or aggressive conduct towards our volunteers will not be tolerated and risks the exclusion of the rider with whom any offending person is associated.

30. COURSES.

Brands Hatch Circuit, Fawkham, Longfield, Kent. DA3 8NG.

Indy Circuit - 1.28 miles.

Max number of starters 38 solo / 28 sidecar.

GP Circuit – 2.43 miles

Max number of starters 40 solo / 30 sidecar.

Silverstone, Northamptonshire. NN12 8TN

National Circuit length – 1.639 miles

Max number of starters 40 solo / 30 sidecar.

Oulton Park, Cheshire. CW6 9BW

Circuit length – 2.69 miles

Max number of starters 40 solo / 30 sidecar.

Snetterton Circuit, Snetterton, Norwich, Norfolk. NR16 2JU.

Circuit length 300 - 2.97 miles.

Max number of starters 40 solo / 30 sidecar

Cadwell Park, Nr Louth, Lincs. LN11 9SE
