

# Garage bookings at BMCRC

## For Brands Indy October 2022

We introduced a system on payments for garages to work around Covid restrictions and enable payments to be made online, it works well so that booking process will remain the same – you will apply by email for a slot (or slots on behalf of a group) as before. Individual riders will need to pay for the slots online, once you receive the email confirmation that you have a garage space allocated. People booking for a group can also pay for the whole group, in advance.

### **The Details**

We operate an email only booking system, bookings for garages will only be taken by email, not by phone.

**For the Brands Indy Meeting in October:** Please send your email requests from 2pm on the previous Friday 23rd September. Allocations will be dealt with, in the order received - Email to [mikedommett@hotmail.com](mailto:mikedommett@hotmail.com) only. Enquiries prior to that time on the Friday may not receive attention.

Confirmation will be emailed back before Monday morning to advise the garage booking for the following weekend. The booking list will be via a link in the email and will also publish in the Meeting File on [bemsee.net](http://bemsee.net)

Riders booking on behalf of others are requested to advise all the riders' names they are booking a garage for, ideally copy the other riders in your initial email.

The confirmation email will give the rider/booker links to enable payment for the allocated garage to be taken online before we get to the meeting –this avoids cash-handling.

This will be a link to pay £20 for each person in the garage for the Brands event.

Requests will be checked against the entry list and garage spaces cannot be allocated if we have not received a rider's entry.

Payments must all be complete online prior to the meeting – otherwise reserved slots will then be released to any riders waiting.

For garage bookings going forward - we will aim to house 3 riders per garage at all venues.
